Login

- 2) Once logged in, go to the dropdown menu named **Content Management** and click on the dashboard link to go to the content management page.

Section II: Adding new articles

- 1) Click on the gray **Add Article** button on the dashboard page.

A screenshot of a dashboard titled "Dashboard" with an "Add Article" button in the top right corner. Below the header is a table with columns: Article #, Article Title, Article Description, and Action. The table contains six rows of article data.

Article #	Article Title	Article Description	Action
65f9af7714d6be75877b507d	Winter 2024 Newsletter	In our inaugural issue, we discuss trainin...

- 2) Fill the input fields in with the article information being added.
 - a) Article(s) must either have the **Article URL** (page link) input field or PDF file input field filled out.
 - b) An image for the article card must be provided.
 - c) Articles that should be featured on the home page should have the toggle button on if needed. Leaving the toggle off will not be placed on the home page and only render on the insights page.

Section IV: Delete existing article(s)

- 1) On the dashboard page, click on the red trash button to open a prompt ensuring you want to delete an existing article or not.

a) **Warning: Once an article is deleted, it cannot be recovered.**

The screenshot shows a dashboard interface. A red modal box titled "Delete Confirmation" is centered on the screen, asking for confirmation to delete an article. Below the modal is a table with three columns: "Article Title", "Article Description", and "Action". The table contains six rows of article data. Each row has a unique ID in the first column, followed by the title and description in the next two columns, and finally two action buttons (edit and delete) in the "Action" column.
